The Honorable C.A. Dutch Ruppertsberger
Ranking Minority Member
House Permanent Committee on Intelligence
Capitol Visitor Center HVC 304
Washington, DC 20515

Dear Chairman Rogers and Ranking Member Ruppertsberger:

I wanted to thank you for conducting the very important hearings last week on the killing of U.S. Ambassador Chris Stevens and three other State Department officials during the Benghazi attack on September 11, 2012.

In light of those hearings, I urge you, as chairman and ranking member, to recommend a declassification of the 28 pages of the Congressional Joint Inquiry report describing what role the Saudi Arabian government had in the terrorist attack of 9/11. As you know, former Senator Bob Graham has conducted extensive research into this issue and has been nationally recognized and interviewed for his belief that these 28 pages should be declassified.

The families of the victims of 9/11 have a right to this information, as do the American people. Since your committee has jurisdiction over this matter, I ask you and the ranking member to please review the attached correspondence from Mr. Mike Low, who lost his daughter on American Airlines flight 11 on that tragic day. As Mr. Low states, "Our hope is that over time, history will have the total truth of all of the events of 9/11."

Mr. Chairman, the American people have a right to know the truth. It is critical for the citizens of this country to have trust in their government. I hope that you will take this into consideration and I look forward to hearing back from you soon.

Sincerely,

Walter B. Jones
Member of Congress
